

Creativity of Civic Awareness

On January 27, 2011, Ms. Sudhasinee Vajrabul, Deputy Secretary General of the Education Council has presided over the Closing Ceremony of training seminar and presented certificates to the successful participants. The topic of this seminar was on “Creativity of Civic Awareness (4th round) central region” and was held between 24-27 January 2011 at Voraburi Ayothaya, Ayuthaya Province.

Ms.Sudhasinee said, the OEC realized that the political problems reflected the development of democracy without basic foundation and understanding of civic awareness as it appears nowadays, the important politic development in democracy need foundation root with right direction according to thinking, principles and philosophy of true government of the people, by the people and for the people. The cultivation of right thinking direction, since childhood, is essential as strong base.

Recognizing the importance of this matter and in cooperation with King Prajadhipok Institute, OEC organized the seminar on Creativity of Civic Awareness with its objectives to raise the participants’ awareness, understanding, knowledge in teaching/learning in order to apply in classroom teaching and determine to solve problems of community and of the Country. Moreover, all participants will become Change Agent and expand the network of free development to build civic awareness among students and youth so that they grow up to be good citizen in their community and country.

The school executive board, all teachers should bring their knowledge and skills to other teachers who did not have the opportunities to attend this training programme. We should join hands to build up civic awareness hoping that we will see Thailand, in the future, with participation of the people in real democracy. At the meantime, Ms. Sudhasinee also praised all teachers who attended this meeting accordingly.
